Space Solution
for Your Business

CONTAINERS

Portable ISO-Grade Storage Containers.

Ground Storage Containers provide a secure, durable, and versatile storage solution for businesses and organizations that require additional space for inventory, equipment, or operational supplies.

These containers are designed for ground-level access, allowing easy loading and unloading without the need for special infrastructure. Their robust steel construction ensures long-lasting performance in demanding environments, making them ideal for both temporary and permanent storage solutions.

Ground storage containers are commonly used by manufacturers, contractors, warehouses, retail outlets, schools, colleges, and municipalities that need reliable and accessible storage space.

Dueñas Trailers offers containers that are easy to transport, deliver, and set up, allowing customers to quickly add functional storage capacity wherever it is needed.

Available sizes for rent or sale:

- ✓ 20' Standard Containers (20' L x 8' W x 8' 6" H)
- ✓ 40' High Cube (HC) Containers (40' L x 8' W x 9' 6" H)

FEATURES & BENEFITS:

Our containers are built to provide security, flexibility, and durability for a wide range of applications.

Key Benefits:

- ✓ Easy ground-level entry for convenient loading and unloading
- ✓ Secure and weather-resistant storage solution
- ✓ Affordable options for both short-term and long-term use
- ✓ Portable and easy to relocate when needed
- ✓ Durable construction designed for demanding environments
- ✓ Can be modified or converted for alternative uses

Containers can also be easily adapted for additional purposes, including:

- ✓ Container offices
- ✓ Modular workspaces
- ✓ Temporary housing units
- ✓ Equipment storage rooms
- ✓ Mobile operational units

More than trailers, space solution

GENERAL SPECS

Dueñas Trailers containers are built with high-quality materials designed for strength and durability.

Construction Features:

- ✓ Corrugated steel side panels for structural strength
- ✓ Reinforced steel corner frames
- ✓ Hinged double doors for easy access
- ✓ Rubber door gaskets for improved sealing and weather protection
- ✓ Marine-grade plywood flooring (1-1/16 in.) designed for heavy loads

These features ensure the container can safely store **general cargo, equipment, materials, and inventory.**

20 ft. STANDARD DRY CONTAINER

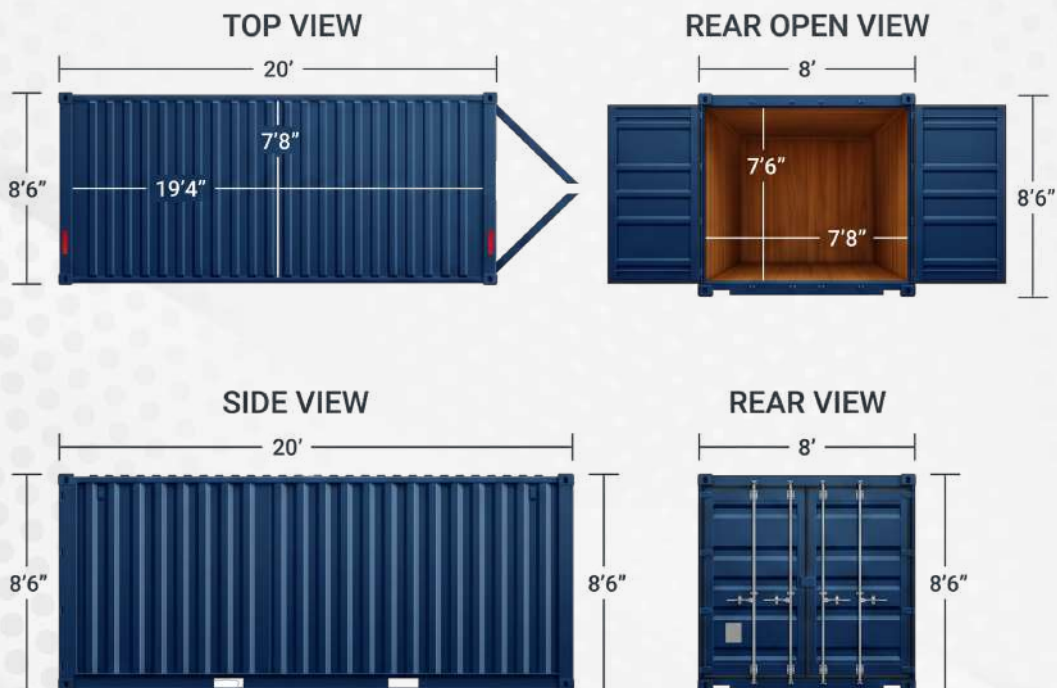

The 20-foot container offers a compact yet highly functional storage solution. Its size makes it ideal for locations where space is limited while still providing ample capacity for equipment and materials.

Typical uses include:

- ✓ Construction tools and materials
- ✓ Equipment storage
- ✓ Small business inventory
- ✓ Job site storage
- ✓ Municipal storage needs

Dimensions:

External		Internal		Door opening	
L	20'	L	19'4"	W	7'8"
W	8'	W	7'8"	H	7'5"
H	8'6"	H	7'9"		
Tare weight		Weight with chassis			
lbs.	5,015	lbs.	11,600		
Max. Gross		Max. Payload		Internal cap.	
lbs.	52,910	lbs.	47,985	ft3.	1,166
Palletized loads					
40x40	12	40x42	10	40x48	10

*Data shown above is for general reference only. Individual container dimensions may vary.

40 ft. HIGH CUBE DRY CONTAINER

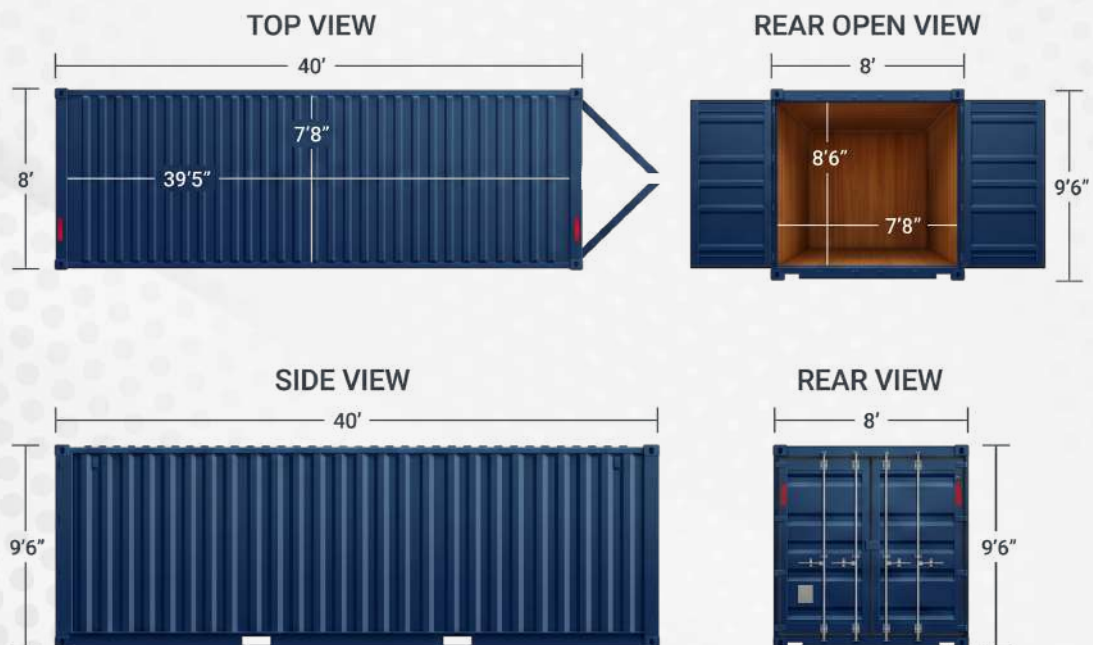

The 40-foot High Cube (HC) dry container offers extra height and expanded capacity, ideal for businesses needing maximum storage space in a single unit.

Typical uses include:

- ✓ Warehouse overflow storage
- ✓ Industrial equipment and machinery storage
- ✓ Logistics and distribution operations
- ✓ Retail inventory storage
- ✓ Construction materials storage
- ✓ Temporary project or operational storage

Dimensions:

External		Internal		Door opening	
L	20'	L	39'5"	W	7'8"
W	8'	W	7'8"	H	8'5"
H	9'6"	H	8'10"

APPLICATIONS

Containers offer flexible storage and operational solutions across multiple industries.

Construction

Secure on-site storage for tools, equipment, building materials, and project supplies.

Manufacturing

Additional storage space for raw materials, equipment, or production components.

Retail & Commerce

Ideal for inventory overflow, seasonal merchandise, and distribution support.

Logistics & Warehousing

Temporary or long-term storage to support supply chain operations.

Education & Institutions

Used by schools, colleges, and universities for storage of equipment, maintenance supplies, or operational materials.

Municipal & Government

Practical solution for storing public works equipment, tools, and emergency supplies.

Events & Temporary

Useful for short-term storage of equipment, materials, and operational resources.

ON-SITE STORAGE SOLUTIONS

In addition to container sales and rentals, Dueñas Trailers also offers on-site storage services at our facilities.

Customers can store their containers or goods securely with:

- ✓ 24 hours / 7 days a week security service
- ✓ Controlled storage facilities
- ✓ Safe and accessible storage space

This option provides businesses with additional flexibility when they require secure off-site storage solutions.
